CROWDS INGREASE AT U. J. C. MEETING

Favorites Come Under the Wire First In Five Events at Third Day's Racing at Fairgrounds.

Utah Jockey club at the fair grounds brought out a crowd of more than 2,000 enthusiastic racegoers. The grandstand was well filled, the betting rink crowdand scores of persons visited the pad-

deck.

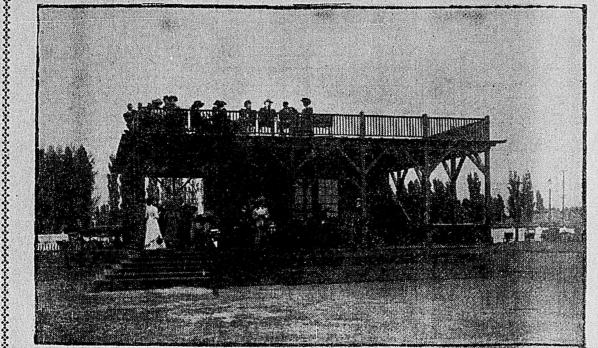

The track was muddy six feet from the rall, quite lumpy and very heavy, but in spite of this the going was good and pleused the spectators. Five favories came under the wire first but none were heavily played. Long shots seemed to be the public's choice and as a result the bookles got even for the diribbing they got the day before.

In the first race there was but little choice between Swaggerlator and Galvanic. The former won while the latter was not in it. Jockey Jarrett, who rode Galvanic, did not please the judges by his performance and he was called to him. He was given to understand he could ride for no one but Brannon, owner of Booger Red.

In the second there was good play on he ferfect at 6 to 1, but the horse, after leading most of the way, fell, throwing Jockey Kunz heavily. The jockey was not hurt but those who played the horse were. In the third Mazapan, owned by S. J. Kelley, proved a surprise narty by galloping home an easy winner. Em and Em was another horse well played which did not get the money. The last race went to Col. White, which was also well played.

Friday will be ladies' day and the of-

last race went to Col. White, which was also well played. Friday will be ladies' day and the of-ficials of the club are anxious that the fair sex take advantage of the club's offer. They will be admitted free to the grounds and grandstands.

This structure is just east of the grand stand and is for the comfort and convenience of the members. At the east of the clubhouse there is an enclosure for automobiles. The club is in affiliation with the Utah Jockey club. Governor Wm. Spry, honorary president; Mayor John S. Bransford, honorary vice president; Lester D. Freed,

Sir Martin Will Carry Half a Million In the English Derby, Run Today

New York, May 26.—It was estimated in sporting circles last night, that Sir Martin, the American horse in the English Derby to be run today, will carry approximately a half million dollars of American money. Efforts were made in New York late last night to put down in number of large wagers on the success of this coit, but they were refused, indicating that the bookmakers have accepted all the bets they desire on him.

Never before has there been so much American interest in the English Derby 18. Now, not excepting the year 1881, when froquois, the American horse, ownsib by Pierre Lorillard, was the first animal to capture the event for this country. The race will be announced by buletins in many hotels today. It will be unabout 4 o'clock, English time, thus bringing the news to the eastern part of

Measure Strides on Fair Grounds Track During U. J. C. Meet.

All the talk about a match race between Fitzgerald's Platoon and Brannon's Booger Red for \$1,000 a side, taking place at the fair grounds track, had the quietus put on it this morning by Manager W. W. Finn of the Utah Jockey club. It was proposed to run the race yesterday morning at 9 o'clock. Platoon did not get here in time. Then it was thought to run it this morning and then again tomorrow morning, but there was nothing doing. The respec-tice owners put up \$500 each with John Condron as a forfeit, but when it came to making arrangements to run the race the management of the track "bucked up" and there was nothing do-

grounds track and you can make that just as emphatic as you want to," said Manager Finn to the "News" this mornsignificant from the "News" this morning. "It is against the rules to run such a race and it will not be run either in the morning or afternoon. If the horses are regularly entered for a ruce where they take a chance with the rest of the field, all well and good, but there will be no match race." will be no match race."

will be no match race."

The horses purchased by Thomas H. Fitzgerald, including Platoon, came down from Ogden yesterday afternoon late on a special train and were immediately transferred to the track. Mr. Fitzgerald will enter them in the present race meeting and will probably start on Friday, ladies' day at the course.

BIKE GAME DYING OUT IN LOS ANGELES

According to the bike riders who got in last evening from Los Angeles, the game there is gradually dying out as the management does not seem to know what events to put on to please the race fans. early days of the season. The first division clubs of the Eastern league are Borhester, Jersey City, Toronto, and Montreal. These teams have a good lead over the other four, headed by Providence. All the clubs have within the last few days pruned out their dead wood, and the smaller aggregations are profiting thereby and picking up some promising players. In the Southern league the early going finds Nashville, Mobile, Little Rock and Atlanta leading in the order named, with New Orleans and Birmingham close up. Low scores and tie games are the order of this very snappy organization. The leaders in the Tri-state league are Al-

toona, Johnstown, Williamsport, and Harrisburg, with the other four clubs coming strong. The accompanying illustration contains action pictures of a cluster of stars-Chadbourne of Indianapolis, Roy Moran of Atlanta, one of the most brilliant outfielders in the Southern league; Harry Welch, Omaha's crack right fielder and hard hitter, and Rudy Baerwald of Memphis, who played under the name of Bell with the New York Americans and the Newark club.

PETENCY OF STROUTHERS

That plans are laid for the removal of Con Strouthers as manager of the Boise team is shown in an article published in the Boise Statesman. The incompetency of Strouthers is realized and in all probability "Home Run" Marshall will lead the unfortunate team. The Statesman ways:

lead the unfortunate team. The Statesman says:

"The Inter-Mountain league directors have, at this early date, realized the importance of securing a competent man to manage the Boise club, and have started things moving for the probable removal of Con Strouthers.

"J. H. (Home Run Joe) Marshall arrived here vesterday morning and his purpose is to interest local people in the formation of a stock company to take over the Boise club. Strouthers will either be bought out and if he refuses to sell the league is in a position to put him out. The Boise manager did not live up to his agreement in posting the \$500 guarantee with the president of the league, and this is one of the thing which makes his present position insecure.

JOHNSON DISCOVERS BALL TO MAKE FASTER GAMES

Chicago, May 26.—President B. B. Johnson of the American league, has devised a scheme whereby the national game will be made faster. He has obtained a baseball which is springier and faster than the one used and will distribute it to the various clubs in his league. The teams will try out the ball in their practise and if it is found satisfactory it will be used in all championship games. The ball is much the same as that employed when Delhanty, the first, used to knock out 10 or 12 home runs during a game. In those times such a brief hit as a double was scorned. It had to be a triple or a home run, nothing else went. If the ball stands the test the patrons of the American league will see an increase in batting. which makes his present position and cure.

"Strouthers has 'fallen down' as a manager and the three other directors of the league—E. G. Farnsworth, John S. Barnes and Jack Huston—together with President Lucas, know good and well that in order for the league to go through the summer a man must be at the head of the local team who can make baseball for Boise. This is why Marshall is here, and it is reported he has the league with him. He will endeavor to interest enough local people with him to form a stock company and take over the Boise team.

GARRY HERMANN STANDS BY PRESIDENT PULLIAM

Cincinnati. O., May 26.—There is no chance to enlist Garry Hermann in the fight to oust President Harry Pulliam of the National league.

"I cannot believe that such a move is being contemplated," said Mr. Hermann when he read the report from the east that an alliance had been formed by two National league magnates to have the scalp of President Pulliam and to elect Capt. Anson of Chicago, president of the National league. "But if this thing is contemplated, they'll have to count me out, I am for Pulliam. When he went away for a rest during the late winter we promised him that his place would be ready and waiting for him when he recovered. I mean to stick to that promise.

"I'm for giving Pulliam another chance."
